Kitchen Satin stainless-steel cabinets by Veneta Cucine, built in collaboration with local craftsmen, house the functional elements of this space, including the dishwasher, fridge and wine cooler. Towards the living room, the 'show' section is custom-made in Canaletto walnut, paired with a matte Carrara-marble countertop. Illumination is provided by a 1970s Sputnik-inspired Italian chandelier, an industrial-style 1930s office wall light by Seminara and a handcrafted traditional wall light from Salento ➤
